<sup>1</sup> For an explanation of the levels of higher education study, see the [QAA Frameworks for Higher Education Qualifications of UK Degree-Awarding Bodies \(2014\)](#)

<sup>2</sup> All academic credit awarded as a result of study at the University adheres to the [Higher education credit framework for England](#).

<sup>3</sup> Where the course is delivered both full-time and part-time, the standard length of course is provided for the full-time mode of attendance only. The length of the part-time course is variable and dependent upon the intensity of study. Further information about mode of study and maximum registration periods can be found in the [Framework and Regulations for Undergraduate Awards](#).

<sup>4</sup> Details of standard entry requirements can be found in the [Admissions Policy](#) and further details about Disclosure and Barring Checks (DBS) can be found on the [University's DBS webpage](#).

## **DEFINITIVE COURSE RECORD**

This definitive record sets out the essential features and characteristics of the BSc (Hons) Adult Nursing [Degree Apprenticeship]. The information provided is accurate for apprentices entering level 4 in the 2024-25 academic year<sup>5</sup>.

### **Course Summary**

The purpose of the course is to prepare apprentices for nursing practice that meets the professional requirements of a nurse to join the Adult Nursing register with the Nursing and Midwifery Council (NMC).

In order to meet the needs of a rapidly ageing population who increasingly live with complex health needs, apprentices will develop contemporary knowledge and values and demonstrate these necessary skills when required to do so. In addition, apprentices will see learning as a lifelong responsibility and be willing to demonstrate this learning with an evidence base in order to advocate for adults in their care and to take the profession forward.

### **Course Aims**

In providing this course, the University and the course team aim to equip you to:

- Care for people to optimise their own health needs
- Deliver safe, compassionate and effective nursing care
- Inspire confidence in the profession
- Make decisions on complex care needs based on a sound evidence base

### **Course Learning Outcomes**

The following statements define what apprentices graduating from the BSc (Hons) Adult Nursing course will have been judged to have demonstrated in order to achieve the award. These statements, known as learning outcomes, have been formally approved as aligned with the generic qualification descriptor for level 6 awards as set out by the UK Quality Assurance Agency (QAA)<sup>6</sup>.

On successful completion of this course you will be able to:

1. Manage self and others in practice in accordance with the NMC Code (2018) and ethical, legal frameworks that ensures the primacy of service user interest, respecting wellbeing and human rights.
2. Lead the delivery of innovative, evidence-based practice within planned, progressive and individualised care plans, which generates new understanding of the theoretical foundations of nursing care.
3. Deploy techniques of analysis and enquiry to nursing practice.
4. Appreciate uncertainty, ambiguity and limits of knowledge.

---

<sup>5</sup> The University reserves the right to make changes to course content, structure, teaching and assessment as outlined in the [Admissions Policy](#).

## **DEFINITIVE COURSE RECORD**

5. Show a critical appreciation of the principles of good governance in the management, leadership and development of care.
6. Demonstrate initiative and personal responsibility in your own personal and professional development.
7. Demonstrate a commitment to furthering the professional status of nursing.
8. Show a critical appreciation of the principles of good governance in the management, leadership and development of care.
9. Actively pursue a direction of personal, professional development that supports improvements in practice for self and other members of the interprofessional team.
10. Achieve the NMC (2018) competencies for entry to the NMC register as an Adult Nurse.

### **Course Design**

The design of the course has been, and will continue to be, determined through the close, collaborative working relationship between the University of Suffolk, Practice Partners and Service Users. The purpose of the programme is to support the development of the apprentice in order to meet the requirements for registration with the Nursing and Midwifery Council (NMC) as an Adult Nurse.

Nursing is a continually evolving profession, so a key part of this course is about developing the skills to adapt to new situations and ensure the student becomes a resilient practitioner. The course is divided into theoretical (50%) and practice components (50%). The practice learning and assessments takes place in a range of clinical placements.

The curriculum has been designed to be able to respond to changing needs, developments, priorities and expectations in health, healthcare practice and education. It will ensure the apprentice can appreciate the expectation that they will provide the highest quality care in whatever environment, acknowledging the opportunities and challenges presented by change. Nursing has not always appreciated the leadership function of the newly qualified nurse. This curriculum will ensure apprentices develop the skills and motivation required to assume this responsibility.

The design of this course has been guided by the following Professional Standards:

- NMC Standards framework for nursing and midwifery education 2018a
- NMC Standards for student supervision and assessment 2018b
- NMC Standards for pre-registration nursing programmes 2018c
- NMC Future nurse: Standards of proficiency for registered nurses 2018d

### **Course Structure**

The BSc (Hons) Adult Nursing comprises modules at levels 4, 5 and 6.

**DEFINITIVE COURSE RECORD**

Module Specifications for each of these modules is included within the course handbook, available to apprentices on-line at the beginning of each academic year.

	Module	Credits	Module Type <sup>6</sup>
<b>Level 4</b>			
	Introduction to Professional Values for Adult Nurses	40	M
	Collaborative Working to Optimise Health	20	M
	Person-Centred Care	20	M
	Fundamentals of Bioscience for Adult Nursing	40	M

**Awards**

On successful completion of the course, apprentices will be awarded a BSc (Hons) Adult Nursing [Degree Apprenticeship] and will be eligible to register with the NMC as an Adult Nurse. Apprentices who successfully complete 360 credits but do not pass the Adult Nursing Practice element may be eligible for a BSc (Hons) Health Studies award but will not be eligible for registration with the NMC. Apprentices who leave the course early will not be eligible for registration with the NMC but may be eligible for a DipHE Health Studies on successful completion of 240 credits at levels 4 and 5, or a CertHE Health Studies on successful completion of 120 credits at level 4.

**Course Delivery**

The course is delivered at the University's Ipswich campus. Placements are provided across a range of settings in the Eastern Region. Apprentices studying full-time on BSc (Hons) Adult Health Nursing [Degree Apprenticeship] are likely to have approximately 900hrs theory at level

<sup>6</sup> Modules are designated as either mandatory (M), requisite (R) or optional (O). For definitions, see the [Framework and Regulations for Undergraduate Awards](#)

## **DEFINITIVE COURSE RECORD**

4, 750hrs theory at level 5, 675hrs at level 6, totalling 2325hrs of theory. The direct contact hours will be a mix of lectures, seminars, simulated skills sessions and self-directed hours include guided learning using the online learning platform Brightspace. In addition, tutorials and guided group discussions will form part of the self-directed hours. Students will also be required to participate in clinical placements involving 37.5 hours per week of allocated clinical time. Placements will be arranged by the University. Students will normally be expected to undertake independent study each week; this is dependent on module requirements.

### **Course Assessment**

A variety of assessments will be used on the course to enable apprentices to experience and adapt to different assessment styles. The assessment methods used will be appropriate to assess each module's intended learning outcomes. Assessment on the course overall will comprise of summative and formative coursework, including essays, reports, presentations, group work and a dissertation. There will be summative and formative examinations and ongoing assessments of clinical practice.

### **Special Features**

On successful completion of the BSc (Hons) Adult Nursing [Degree Apprenticeship], students are eligible to register for membership with the Nursing and Midwifery Council (NMC) as an Adult Nurse.

### **End Point Assessment**

The End Point Assessment (EPA) is fully integrated into the BSc (Hons) Adult Nursing [Degree Apprenticeship] and assesses whether apprentices have passed the apprenticeship, based on the professional knowledge, skills and behaviours. The apprentice is not required to carry out any additional assessments as part of the EPA.

### **Course Team**

The academic staff delivering this course are drawn from a team that includes teaching specialists and current practitioners. All staff are qualified in their subjects with their own specialist knowledge to contribute, and are registered with the NMC.

### **Course Costs**

Apprentices undertaking BSc (Hons) Adult Nursing [Degree Apprenticeship] will not be charged tuition fees directly. Tuition fees will be agreed between the University and an apprentice's employer. Apprentices will be required to sign a commitment statement (Training Plan A) before starting their apprenticeship which will detail the apprentice's, employer's, and University's expectations under the apprenticeship agreement.

Apprentices are expected to pay their travel expenses to and from placement. Some Trusts may reimburse apprentices' travel costs however it is up to apprentices to liaise with their Trust in this matter.

### **Academic Framework and Regulations**

This course is delivered according to the Framework and Regulations for Undergraduate Awards and other academic policies and procedures of the University and published on the [website](#).
