which you enjoy or that interest you; and to develop skills with a specific career or industry in mind. All students will enrol on the BA (Hons Business Management and may be able to transfer to a specialist pathway at the end of Level 4 depending on module choice, leading either to a BA (Hons) Business Management (Digital Entrepreneurship), BA (Hons) Business Management (Digital Innovation) or BA (Hons) Business Management (Digital Marketing).

The course has been designed to support your future career ambitions – each module will require you to learn and apply ideas and to develop skills that will be useful to you in your future work. Students that graduate from the Business Management course take with them a broad range of skills and knowledge that can support careers in multi-national companies, small business, family firms, the public sector, charities or help those who want to start their own company.

Course Aims

In providing this course, the University and the course team aim to:

1. Provide you with an understanding of the fundamentals and complexities of leading, managing and creating businesses in a world which is increasingly complex, constantly changing and digital in nature.
2. Encourage you to be a critical and creative thinker, ready to access and evaluate information and data, apply your learning to solve problems and communicate in a variety of ways to professional audiences.
3. Support you as you build your experience through work placements, engagement with employers and application of academic ideas to real-world business practice.
4. Think in a sustainable way, cognizant of the positive impact that well-run businesses can have on the planet and society.
5. Enable you to shape your student experience so that you are in control of your career journey as an entrepreneur or employee, ready to apply your current skills and confident in adapting to an uncertain world.

Course Learning Outcomes

The following statements define what students graduating from the BA (Hons) Business Management course will have been judged to have demonstrated in order to achieve the award. These statements, known as learning outcomes, have been formally approved as aligned with the generic qualification descriptor for level 6 awards as set out by the UK Quality Assurance Agency (QAA)⁵.

By the end of Level 6 you will be able to:

1. Evaluate business concepts and trends, including those that are complex and at the forefront of current research and debate.
2. Synthesize and critically examine information and data drawing on sources that you have found for yourself.

⁵ As set out in the [QAA Frameworks for Higher Education Qualifications of UK Degree-Awarding Bodies \(2014\)](#)

DEFINITIVE COURSE RECORD

3. Justify creative solutions to real-world scenarios using a range of concepts drawn from across disciplinary boundaries, information and data.
4. Discuss your university experience in terms of evidence of graduate attributes relating to your chosen graduate career.
5. Utilise an in-depth understanding of sustainability issues to design and make recommendations to improve business performance.
6. Formulate, justify and evaluate a project which demonstrates the value of well-designed research to business practice.

For students on a specialised pathway:

7. Formulate an understanding of current trends, issues and complexities, relating to your pathway, and how these affect businesses in a complex and digital world.

Awards

On successful completion of the course, depending on module selection, students will be awarded either a BA (Hons) Business Management, BA (Hons) Business Management (Digital Entrepreneurship), BA (Hons) Business Management (Digital Marketing) or BA (Hons) Business Management (Digital Innovation). Students should note that if they select all of the modules for a named specialist pathway, they will need to transfer from the BA (Hons) Management course to a specialist named pathway in either BA (Hons) Business Management (Digital Entrepreneurship), BA (Hons) Business Management (Digital Marketing) or BA (Hons) Business Management (Digital Innovation).

Students who leave the course early may be eligible for a DipHE Business Management on successful completion of 240 credits including all mandatory modules at levels 4 and 5, or a CertHE Business Management on successful completion of 120 credits including all mandatory modules at level 4.

Course Delivery

The course is delivered at Ipswich. Students studying full-time on BA (Hons) Business Management are likely to have approximately 216 contact hours for level 4, 216 contact hours for level 5 and 150 contact hours for level 6. The contact hours will be a mix of lecture, seminar, practical activity, and students will also be required to participate in 100 hours of placement. Students will be expected to find their own placement with the support of the university. Students will normally be expected to undertake 25-30 hours of independent study in an average week but should be prepared for this to vary based on assignment deadlines and class exercises.

Course Assessment

A variety of assessments will be used on the course to enable students to experience and adapt to different assessment styles. The assessment methods used will be appropriate to assess each module's intended learning outcomes. Assessment on the course overall will be made up almost completely of coursework (including reports, pitch, podcasts, Vlog, articles, reflective learning pieces, presentations, group work, proposals, business plan, and research projects).

Course Team

The academic staff delivering this course are drawn from a team that includes teaching specialists and current practitioners. All staff are qualified in their subjects with their own specialist knowledge to contribute.
